

2021 Annual Report

1,248 visits

We are increasing access to social work services (case management, referrals & Social Determinants of Health (SDOH) screenings)

100%

of our patients meet with social work & are screened for social determinants of health to address barriers to care (i.e., food insecurity, housing stability, transportation, etc.)

68%

of our patients experienced controlled blood sugar levels at their latest visit (**39% greater than the NC average)

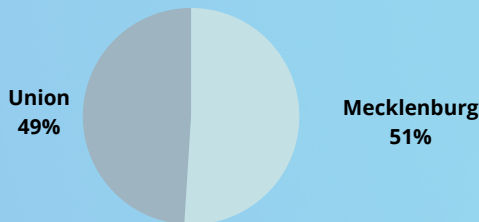

Mission

To provide free, quality healthcare to low-income, uninsured patients in Mecklenburg and Union Counties.

Patient Eligibility Requirements

- Be uninsured
- Be 14–64 years old
- Be at 250% of the Federal Poverty Line (FPL) or below
- Be a resident of either Mecklenburg or Union County for at least 3 months

Looking Ahead – 2022 Update

- We have expanded our Social Work Department
- We will begin offering comprehensive interpretation services later this year
- We will also resume our Fast Track New Patient Intake Program later this year, which will serve as a bridge to care until applicants have been approved as a patient and assigned a primary care provider

"We are committed to serving more people who need our services."

Number of patients seen over the years.

Revenue by Donor Type

Individual Donors

Although our individual donors are not listed in this report, their donations contributed to 35% of our annual revenue. We would not be able to do this important work without their generosity and continued support. Our clinic is extremely grateful for all of our individual donors!

Thank you to all of our amazing donors! We would not be able to do this important work without your generous support.
